Flexible Utility Tray | Secondary Containment

Capacity: 64 Litres | 17 US Gallons

Product Code	Dimensions cm (inches)	Weight kg (lbs)	LTL/Pallet	FTL/Pallet
UT1331	107 x 107 x 12.1 (42 x 42 x 4¾)	1.5 kg (3.5 lbs)	-	-

A Flexible Utility Tray is convenient, compact, and foldable tray suitable for capturing small leaks and spills.

The compact foldable tray is simply unrolled and then unfolded. There are no cumbersome straps, supports, or sidewalls to set up. The tray is made from a one-piece unit so there are no components or pieces to lose.

Made from high-visibility, 18-oz/10 mil PVC fabric, the tray provides rugged durability and excellent chemical compatibility.

Once used the tray folds/rolls back into small size that can easily be stored ready for use the next time.

* Basis weights and recycled content are ± 5%

** Measures a case/bale using ASTM 726 (long test) with medium viscosity oil and tap water. Statistical average derived from real time production QC data.

*** Weight per case ± 0.5 kg/lbs.

Compliance

Related Regulations	Description
29CFR 1910.22(a)(2)	"The floor of every workroom shall be maintained in a clean and, so far as possible, a dry condition."
29CFR 1910.120(j)(1)(vii)	"... suitable quantities of proper absorbents shall be kept available and used in areas where spills, leaks or ruptures may occur."
