

2 Drum IBC Spill Pallet

SJ-520-001

IBC Spill Pallet | Two Drum | Secondary Containment

Product Code	Length	Width	Height	Sump Capacity	Colour	Weight max	Weight	FTL/Pallet
SJ-520-001	89" (2260 mm)	57" (1450 mm)	23" (575 mm)	317 US gal (1200 ltr)	Yellow	6600 lbs (3000 kg)	255lbs (116 kg)	8

This spill pallet has room for two IBC caged containers. The top platform which is detachable and in two sections, features hand insert and holes for inspection and pump insertion. Please note that the spill pallet should not be used without platform and supports in place.

The spill pallet can be stacked which makes them very efficient for both handling and delivery when not loaded. Made from UV-stabilised PE, they are fully recyclable and chemically resistant.

The spill pallet is compatible with most forklifts and pallet trucks when extensions are used and the sump capacity meets European and US legislation.

Key features

- Compatible with most forklifts and pallet trucks
- Durable removable platforms
- Capacity meets and exceeds UK, European and US regulations
- Fully recyclable, chemically resistant, UV-stabilised PE
- Platform with hand insert and inspection holes for inspection and pump insertion

Notes

- Remove IBC drums and empty sump before moving
- Use for static spill containment

ISO 9001:2015
ISO 14001:2004
